Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Mitani (U. S. Patent 6,224,390).

3. Regarding claims 1, 8-10 and 12-19 Mitani, see figure 1A, discloses an electrical connector comprising: a base portion 30 configured for stationary mounting to a circuit board P, an interface portion 10 configured for mating to a plug assembly, the interface portion 10 received within the base portion 30 and wherein the interface portion 10 is configured for rotational movement to the base portion when a predetermined torque is applied to the interface portion to overcome friction.

4. Regarding claim 2, Mitani, discloses a tongue limiting member 35 between the base portion 30 and the interface portion and the tongue limiting member 35 configured to limit tongue transfer from the interface portion to the base portion.

5. Regarding claim 3, Mitani discloses a tongue-limiting member 35 between the base portion 30 and the interface portion 10, the tongue-limiting member including a friction member configured to limit the tongue transferred from the interface portion to the base portion through the friction member.

6. Regarding claim 4, Mitani discloses the base portion 30 comprising at least on mounting post for mounting the base portion 30 to the circuit board P.
7. Regarding claim 5, Mitani discloses the base portion is configured for surface mounting to the circuit board P.
8. Regarding claim 6, Mitani discloses a flange projecting from the interface portion.
9. Regarding claim 7, Mitani discloses a collar 34A coupled to one of the base portion and the interface portion.
10. Regarding claim 11, Mitani discloses the base portion 30 and the interface portion 10 comprises a coaxial connector.

Allowable Subject Matter

11. Claims 20-25 are allowed.
12. The following is an examiner's statement of reasons for allowance:
13. None of the reference discloses a collar urging the torque limiting member, the base portion and the housing in contact with one another.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

14. Applicant's arguments with respect to claims 1-19 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

15. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
